

Tech Update Quiz for Continuing Education Units (CEUs) Summer 2008

You may qualify for up to 1 Child Passenger Safety CEU per certification cycle for reading the *Tech Update*. To qualify you must read **2 issues of the Tech Update and complete the quiz for both editions** with at least 4 out of 5 answers correct on each quiz.

NOTE: The Safe Kids online recertification system is not able to accept the .5 CEU earned by reading and answering the quiz for one issue. Keep the completed quiz for one *Tech Update* issue until you have read and completed the quiz for a second issue and then enter both at the same time in the "Newsletter/Manual/Journal Activity" category.

Unless otherwise directed to do so by the Safe Kids Worldwide Certification Program, do not mail this quiz or any other CEU materials or documentation to the Safe Kids Certification Program. Keep this document in your files. If you are audited, you must submit 2 quizzes with at least 4 out of 5 answers correct on each quiz. Quizzes will be scored by Safe Kids when submitted.

1. *Fill in the blank:* Neck injuries can occur in crash speeds as low as _____ MPH.

2. TRUE or FALSE (*circle correct answer*): Leg injuries are likely to occur if a child's feet touch the back of the vehicle seat when the child is in a rear-facing child restraint.
